L. A. WHITELEY, Assistant Secretary.

ARTHUR PETER, Assistant Treasurer.

FIFTH ANNUAL EXHIBITION

OF THE

United States Agricultural Society.

AT LOUISVILLE, KY.,

AUGUST 31ST, AND SEPTEMBER 1ST, 2D, 3D, 4TH, AND 5TH, 1857.

GENERAL ARRANGEMENTS.

THE FIFTH ANNUAL EXHIBITION OF THE UNITED STATES AGRICULTURAL SOCIETY, will be held on the spacious grounds of the South-Western Agricultural and Mechanical Association, at Louisville, Ky., on Monday, August 31st, and Tuesday, Wednesday, Thursday, Friday, and Saturday, September 1st, 2d, 3d, 4th, and 5th, 1857. The gates will be opened for the admission of the public, from 7 A. M., until sundown, of each day.

The Marshals, and the Superintendents of the various classes will meet at the President's Marquee, at 8 o'clock, A. M., on the morning of each day, to perfect arrangements for the day.

SUPERINTENDENTS.

The Superintendents are required to take particular charge of all matters in their respective departments, and see that they are properly arranged, for easy approach and examination.

They will also see that horses and cattle are provided with halters, by their owners, and suitably arranged for exhibition each day, and notify exhibitors to be in readiness for exhibition.

THE JUDGES.

The Judges are requested to report themselves at the business office of the Secretary, on the grounds, where cards of admission, etc., etc., for the day on which they are to serve, will be furnished to them.

Vacancies will be filled by the Executive Committee, at 9 A. M., of each day, when the books of entries will be delivered.

The *exhibition* in the cattle rings or on the track, will take place punctually at the hour specified in the programme.

The Judges will report not only the animals and articles entitled to premiums, but also those next in merit, in each class, to meet the contingency of any objection which may arise to the awards, and also that they may receive suitable commendation. Any animal or article which, in the opinion of the Judges, deserves special commendation, will be so reported to the Executive Committee.

Regard will be had to the purity of blood, as established by pedigree, symmetry, size, and general characteristics of the several breeds of animals; and the Judges will make proper allowance for age, feeding, and other circumstances. *They are expressly required not to give encouragement to over-fed animals* in the breeding classes.

If not satisfied as to the regularity of the entries in their respective classes, they will apply to the Secretary for information; and should there still be any doubt, after examination, or, if any animal or article is of such a character as not to be entitled to exhibition in competition, they will report the facts to the Secretary, for the consideration of the Executive Committee, that such course may be adopted as the case may require.

No person who is an exhibitor can act as Judge on the class in which he exhibits. And, during the examination by the Judges, if any person interferes with them, by letter or otherwise, he will be excluded from the competition. But exhibitors, when requested, are expected to make verbal or written statements concerning their contributions.

Judges are particularly requested to hand their reports to the Secretary as soon as their decision is made, and, as one great object of the Society is to collect valuable information upon the subject-matter of the exhibition, the several committees of Judges are requested to gather all the information possible from exhibitors in their classes, and to *make their reports as full as time and circumstances will permit.*

Notice of intention to enter live stock, and all other contributions, should be sent to the Secretary on or before August 23, that proper arrangements may be made for their accommodation. Letters may be addressed to the Assistant Secretary, Col. L. A. Whiteley, Louisville, Ky.

The Reports of Judges will be published in the Journal of the United States Agricultural Society, which is furnished to Life Members of the Society, without other expense than postage.

EXHIBITORS.

Entries of stock, &c., may be made at the office of the Secretary, on the grounds, until 9 o'clock, A. M., on Tuesday, when the books will be closed.

The exhibition of stock in the rings and on the track will take place *precisely at the times and in the order specified*; and animals not prepared at the proper time and place, may, at the discretion of the Judges, be ruled out of competition.

Stock, &c., will be marked with cards furnished by the Secretary, designating the class and No. of entry; and during the exhibition they must be placed entirely under the management of the officers of the Society.

Authentic pedigrees of BLOODED STOCK of all kinds will be required.

No horse will be allowed a premium unless he is sound.

A track for the trial of horses, and commodious seats for spectators have been prepared.

For any exhibitors who may wish to dispose of their stock, the services of an auctioneer have been secured, and the use of the grounds will be given during the recess for dinner each day, and the Secretary will give notice of such sale, if early entry is made with him to that effect.

The Executive Committee will take every possible precaution for the safe keeping of stock, &c., on exhibition, after its arrival and arrangement upon the grounds, but will not be responsible for any damage that may occur. They desire visitors to give personal attention to their animals and articles, and at the close of the Fair, to attend to their removal.

Exhibitors must see to the delivery of their contributions upon the Show grounds; and the Society cannot, in any case, make provision for their transportation, or be subjected to any expense therefor, either in their delivery at or return from the grounds; but all the expenses connected therewith must, as heretofore, be provided for by the exhibitors.

For the convenience of exhibitors, stalls will be provided for the stock; and straw for litter, with water, will be supplied without charge; so that animals, on their arrival, may be driven to the Show Grounds, and need not be removed till the Exhibition is closed. Hay and Grain will also be upon the ground, and will be furnished to those who desire it, at the market price.

In Class V. (Poultry) it is expected that every *trio* will consist of a cock and two hens. The coops of all specimens must be labelled with what the exhibitor believes to be the true name. Exhibitors are expected to furnish their own cages; but no rough or clumsy ones will be admitted.

RAILROAD ARRANGEMENT.

It is confidently expected that arrangements will be made with the principal Railroads leading to Louisville, for the *return* of stock and articles *free of charge*, on presentation of the Secretary's certificate that the same has been on Exhibition. On most of the Roads excursion tickets will be issued.

The Mad River and Lake Erie, the Cincinnati and Dayton, the Cincinnati and Chicago, the Cleveland, Painesville, and Ashtabula, the Jeffersonville, the Peru and Indianapolis, the Toledo and Wabash, and the Louisville and Nashville Railroad Companies have already agreed to transport stock and machinery, &c., *returning* from the Exhibition, *free of charge*, upon the presentation of a certificate from the Secretary of the Society, that the same has been exhibited, and has not changed owners. These Companies have also agreed to transport the Officers and Judges of the Society to and from the Exhibition free of charge.

It is presumed that all the other principal railroads leading to Louisville will enter into a similar agreement.

The Pennsylvania and the Racine and Mississippi Railroads have also agreed to transport stock, &c., upon the terms above mentioned.

The Louisville and Frankfort Railroad track passes immediately in front of the Exhibition grounds, and will afford unusual facilities for the delivery and return of stock and articles intended for Exhibition.

The Louisville and Lexington Railroad Company has liberally agreed to transport all articles intended for exhibition, and also all the Officers and Judges of the Society, over their road, *free of charge*, *both going to and returning from* the Exhibition.

PRICES OF ADMISSION.

The charges of admission to the grounds will be as follows:	
Single admission to the Grounds, (seats free),	.50c.
Children under Twelve Years of age,	.25c.
No Season Tickets will be issued.	
Members of the U. S. Agricultural Society,	Free.
Fees for Life Membership,	10.00
For a Four Horse Vehicle and Driver,	1.00
For a Two Horse Vehicle and Driver,	.75c.
For a Buggy and one person,	.75c.
For a Horse and its Rider,	.75c.
Banquet Tickets,	\$3 00

ENTRANCE FEES FOR STOCK.

The Entrance Fees for Stock (except Trotting Horses,) will be as follows:

For Competition for Premiums of \$50 and over,	\$5.00
For Competition for Premiums of \$25 and under \$50,	3.00
For Competition for Premiums under \$25,	2.00
For Competition for Premiums for Poultry, (per coop,)	50
For Trotting Horses competing for Premiums for Speed,	10.00

For Entrance Fees of Implements, see Premium List, under head of Agricultural Implements.

P R E M I U M S.

Premiums will not be paid on animals or articles removed from the Exhibition, unless such removal has the special approval of the Executive Committee, and Premiums not claimed within Thirty days after the award, will be considered as forfeited.

The Treasurer will pay Premiums at the business office, on the ground, during the last day, and at the office of the Society, during the week following; or will forward any Premium not so paid, in such manner as the person entitled to the same may direct.

Discretionary Premiums, Diplomas, and Medals, will be awarded by the Executive Committee, should objects of *special interest*, not provided for in any of the classes, be presented.

Apartments will be provided for the exhibition of all manufacturers not particularly enumerated in the premium list.

Halls commensurate for the accommodation and proper display of the anticipated amount of Machinery, Mechanical Products, Mill Fabrics, etc., have been erected. A substantial, large, and spacious Hall has been erected, and motive power, shafting, pulleys, etc., etc., free of charge, will be furnished for the display and accommodation of all Machinery requiring that kind of power.

A splendid Hall, for the display of Fruits, Flowers, and Fine Arts, has been provided, in which contributions will be appropriately arranged under the superintendence of an experienced and tasteful Florist.

A sufficient amount of Stalls and Pens have been erected for the accommodation of all the Horses, Cattle, Sheep, Hogs, and all other kinds of Farm Stock which may be on exhibition.

The Grounds will be adequately supplied with Water for the use of stock and other purposes; and Ice Water, for drinking purposes, will be abundantly supplied without charge.

Complimentary Tickets are not transferable, nor are the Badges or Tickets of the Judges.

No Checks will be given at the gates. Parties going out will have to pay on return, unless they have a Free Ticket.

An ample Police force will be employed upon and around the Grounds, to preserve order; and no disorderly conduct of any kind will be permitted.

The Presidents of all Agricultural and Mechanical Associations, and the members of the Press generally, throughout the Union, are respectfully invited to attend the Exhibition.

THE BANQUET.

A Grand Agricultural Banquet will take place on Saturday, September 5, at 1 P. M., in the magnificent Grove included in the Fair Grounds; at which speeches may be expected from several of the most distinguished men of the Nation. Tickets for the Banquet may be obtained at the Secretary's Office, on the Grounds, until Thursday afternoon, September 3d, after which time the sale of Tickets will be discontinued.

GUESTS.

The Invited Guests of the Society will find at the main entrance an office with a conspicuous sign, where they can procure tickets of admission and dinner and banquet tickets. They will please report themselves on their arrival, at the President's Marquee, where the Committee of Reception will be in session, and will extend to them every attention. They will dine with the officers of the Society, daily, at 1 o'clock.

THE PRESS.

For the greater convenience of editors and reporters for the press, a tent has been specially set apart for their use, and every facility will be afforded them to obtain and transmit information. A Committee of Reception, from the Louisville press, will receive their brethren from abroad, on the field, and further the purposes of their coming. They are requested to announce themselves on arrival, and to present their names and credentials at the Secretary's office, on the grounds, when they will be furnished with cards of admission, etc., etc.

TELEGRAPH.

For the convenience of Visitors, a Telegraph office will be established on the grounds, by which messages may be transmitted to all parts of the United States, and replies received. A Bulletin Board will be kept, upon which will be placed the names of all those for whom dispatches may have been received.

REFRESHMENTS.

Refreshments for Visitors will be furnished on the field, at a moderate charge.

Two spacious buildings, with saloons and withdrawing rooms, with female attendants, for the accommodation of ladies, have been provided. Ices, Oysters, Confectionery, etc., etc., will be supplied by a competent Confectioner.

An ample Dining Saloon, under the charge of a competent Caterer, will be opened upon the Grounds.

PROGR A MME OF THE EXHIBITION.

The Exhibition will commence each day at 9 o'clock, A. M., and continue in the order specified until the conclusion of the programme for each day.

For the names of the Judges, and the details of the exhibition in each class, see the list of Premiums.

All Stock, Implements, Machinery, Products, and articles of every description, not enumerated in the Programme of the Exhibition in the amphitheatre and on the track, will be subject to examination in the respective places assigned, and the Awarding Committees upon such articles are requested to hand in their Reports of Awards, at farthest, on Friday, September 4, and the Awards will be announced on Saturday, September 5.

EXHIBITION ON THE TRACK AND IN THE AMPHITHEATER.

FIRST DAY-MONDAY.

TROTTING HORSES AND MARES.

[GRAND TRIALS OF SPEED AGAINST TIME, ON THE TRACK.]

J. Hoffman, Cincinnati, O.	Caleb Cope, Philadelphia, Pa.

CLASS XI. IMPLEMENTS AND MACHINERY.

In presenting the following list of premiums for the Implements and Machines of Agriculture, the Society desire to state to the public that they are well convinced that for the awards upon the comparative excellence of competing machines to be of real practical benefit to manufacturers, and more especially to farmers themselves, they should be made only upon the results obtained by thorough working trial of the same; and with this fact in view, it will, at its exhibitions of the present year, cause all articles embraced in the class of Agricultural Implements and Machinery to be submitted to a thorough and impartial examination before a competent Board of judges.

The vast increase of the area under cultivation, and the diminishing

proportional number of laborers, render it a matter of first consequence to procure the greatest possible variety of labor-saving machines ; and inasmuch as their purchase is necessarily attended by a large outlay of capital, it is equally important that the public should be advised of the comparative merits of the various claimants to their patronage. The awards, then, of an Agricultural Society, are important in proportion to the position of that Society before the public, and as these awards are beneficial when given to worthy objects, they are on the other hand productive of great mischief if hastily made, or unfairly granted.

Manufacturers of really valuable machines should lend active assistance to an Agricultural Society in suppressing worthless ones, and especially the farmers, the purchasers of these implements, should zealously co-operate in such a laudable undertaking.

To meet the obligations which it necessarily assumes towards the nation, the UNITED STATES AGRICULTURAL SOCIETY is this year about to institute its first Great National Field Trial of Agricultural Implements, and asks of manufacturers in every section of the country to lend their assistance in rendering it one of the most complete and important occasions of the kind which has ever been witnessed in our country, or in Europe.

That the successful competitors may possess some token of their pre-eminence at its trials, the Society will cause to be made a magnificent medal, in gold, silver, and bronze, to be awarded to articles of various classes, and different degrees of merit.

Three GRAND GOLD MEDALS OF HONOR have been appropriated for the following objects. First. — For that machine which shall accomplish the most thorough disintegration of the soil, with greatest economy of labor, time and money. Under this head are included all steam plows and digging machines which propose to supersede the plow.

Second. — For the best motive power for general farm use — either by wind, steam, or horse — to be adapted to all kinds of work. The judges to decide which will accomplish the intended purpose with least expenditure of power, time, and money.

Third. — For the most important invention relating to Agriculture, which has been patented within the last three years, and which may be on exhibition ; provided, however, that the same be thought worthy of such honor.

The award of a Grand Medal of Honor will depend upon a Council of all the Judges of implements and machinery who may be appointed, and be decided by a majority of votes.

For machines and implements of the various classes, which may not

be enumerated in the following schedule, special Certificates of Commendation, Diplomas, and Discretionary medals will be provided and be placed at the disposal of the juries of awards.

In no case will a premium be granted to an implement on exhibition if it be not worthy of such distinction, although it may not have competitors, and in all cases the preference shall be given to those which perform their proposed labor with the greatest reference to economy.

The object of these trials being to show the *working qualities*, and *not the ornamental appearance* of machines, it is desirable and expected that the competing article shall not be of better quality than the average stock on sale at the warehouse, and if manufacturers desire to exhibit great excellence of workmanship and adornment in their implements, they are requested likewise to enter one of average excellence, with the price of the same attached.

Each exhibitor should prepare, in writing or print, a condensed and lucid statement of the superiority claimed by him for his implement over others of a similar nature, which should be given to the chairman of the jury of awards in his Class, and he should be prepared to exhibit and explain the several points if so requested. By so doing, the labor of the jury will be much lightened and the inventor or manufacturer be enabled to secure a complete attention to the important features of his machine or implement.

Notice of intention to exhibit machines may be given to the Assistant Secretary, L. A. Whiteley, Louisville, Ky., or to the Secretary of the Committee on Implements, H. S. Oicott, Westchester Farm School, Mount Vernon, N. Y., or to the Superintendent, Joseph E. Holmes, Newark, Ohio, until Aug. 15th; all communications after that date must be addressed to the Assistant Secretary, L. A. Whiteley. If exhibitors delay until the week before the exhibition their application, it may be a matter of impossibility to make arrangements to test, in a thorough and satisfactory manner, the tardy machines.

Articles intended for exhibition may be forwarded to the address, "Agent U. S. Agricultural Society, Louisville, Ky.," and they will be received and stored free of charge. *No articles of any description will, however, be received unless all charges are prepaid by the shipper.*

The duration of the Trial will not be controlled by that of the Show of Stock and Products; but will commence at the same time, and sufficient time will be employed to ensure a complete test trial of all machines and implements. Exhibitors should be on hand a day or two before the commencement of the Trial, to draw their lots, get their

articles in readiness for exhibition, and be prepared to render assistance if required. Each one should have at hand duplicates of such parts of their implement as would be liable to break, or be seriously damaged during the Trial.

A pamphlet containing a history of the proceedings, reports of judges, with a view of the grounds at Louisville, will be published after the Fall Trial, and copies forwarded to exhibitors, on application. Extra copies furnished at the cost of publication. Owners of premium machines may have them inserted in the Report, by furnishing a well executed engraving of the same.

The fees for entrance will be as follows: —

ENTRANCE FEES.

AUTUMN TRIAL AT LOUISVILLE, KY.

Plows, Drills, Cultivators, and all other implements tried in the open field,	\$10 00
Entries for the Society's Silver Medal — articles tried within the Fair Grounds,	5 00
Entries for the Bronze Medal	2 00
Entries for the Grand Medals of Honor,	25 00

PLOWS.

Since the trial of Plows at Albany, in 1850, by the New York Society, the talent of our mechanics has been employed in developing many new and important principles in the construction of this, perhaps, most important of all agricultural implements, and the result is the production of forms of great symmetry, and increased capacity to perform thorough work. As the cost of plowing is in great part dependent on the force expended, it is a matter of great importance to find combined in one implement lightness of draft and ability to accomplish much and thorough work. The judges will therefore consider: 1st, The character of the work performed; 2d, *The power required in draft*; 3d, Quality and general adaptability of materials, durability and cost of implement. Before the commencement of the trial, the condition of the furrow-slice and details of experiment will be decided and announced by the judges.

The Plows are to be held by competitors, or persons appointed by them. The Plows all tried by the Dynamometer.

PREMIUMS ON PLOWS.

FALLOW.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Large Bronze Medal.

STIFF SOD.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Bronze Medal.

LIGHT SOD.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Bronze Medal.

SIDE HILL.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Bronze Medal.

SOD AND SUBSOIL.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Bronze Medal.

SUBSOIL.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Bronze Medal.

The width and depth of area stirred, and the perfection of work accomplished by the subsoil low to be considered, and all to be tested by the Dynamometer.

STEAM PLOW.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Large Bronze Medal.

DIGGING MACHINE.

- Best, - - - - Large Silver Medal and Diploma.
 Second, - - - - Large Bronze Medal.

SUBSTITUTE FOR PLOW.

(For Particulars see preface to list,) GRAND GOLD MEDAL OF HONOR.

DYNAMOMETER.

The immense importance of a machine which shall enable every farmer to ascertain the exact draft of the plow or other implement he is about purchasing, and every carriage or wagon builder to certify the exact power required to propel his carriage ; and which, besides these, is so very important in other departments and occupations, is just being recognized. The Society have assurances that several Dynamometers will compete for its first premium, and therefore offer for the

- Best, - - - - Large Silver Medal and Diploma.

- Second, - - - - Large Bronze Medal.

CULTIVATORS, HARROWS, &c.

HORSE HOE.

CORN AND COB MILL.

Best,	-	-	-	Silver Medal.
Second,	-	-	-	Bronze Medal.

CIDER MILL AND PRESS.

Best,	-	-	-	Silver Medal.
Second,	-	-	-	Bronze Medal.

SORGHO MILL.

The prospective importance of the Sorgho (*Holcus Saccharatus*,) and Imphee, as plants which may yield abundant crops of sugar, or syrup, in all our States and Territories, without regard to latitude ; and the very large area which is this season under cultivation, have induced the Society to appoint at its meeting at the Smithsonian Institution, in January last, a Committee to collect information concerning the merits of these plants, to introduce to the public the apparatus which has already been invented, and to afford an opportunity for all to see upon the Fair Grounds the process of crushing the canes, boiling the juice, and making the sugar and syrup. The Society offer for a suitable Sorgho Mill,

Best,	-	-	-	Large Silver Medal and Diploma.
Second,	-	-	-	Bronze Medal.

And for an appropriate

APPARATUS FOR MAKING SUGAR.

Best,	-	-	-	Large Silver Medal and Diploma.
Second,	-	-	-	Bronze Medal.

Ox Yoke, - - - - Bronze Medal.

Shovels, - - - - Bronze Medal.

Spades, - - - - Bronze Medal.

Hoes, - - - - Bronze Medal.

It will be seen, by reference to the above premium list, that no award is offered by the UNITED STATES SOCIETY for the articles of greatest excellence, which would be an equivalent in cash for the expenses of exhibition. If a large compensation in money were to be paid at all, it manifestly should be given to exhibitors who *fail to receive* a premium; for the endorsement by this Society of the claims of an implement or machine is ample recompense for any reasonable outlay which might be incurred in the act of exhibition. The value of the premiums is enhanced by the fact that they are only given after

a thorough *trial in the field*, and that they will not be awarded in any case unless the article competing is fully deserving of such distinction, even although there may be an absence of competitors for the same prize.

The following compose the Awarding Committee on Implements :

Geo. Geddes Syracuse, N. Y.	Robt. W. Scott Frankfort, Ky.
Hon. —— Hoard, Watertown, N. Y.	Gen. L. Desha, Cynthiana, Ky.
Lawrence Young, Jefferson county, Ky.	H. S. Babbitt, Newark, Ohio.
Henry Clay Hart, St. Louis, Mo.	E. R. Potter, Kingston, R. I.
Wm. Lenox, New Philadelphia, Ohio.	W. A. Gill, Columbns, Ohio,
John Stanton Gould, Hudson, N. Y.	Jno. B. Bell, Pittsburg, Pa.
Henry Wager, Rome, N. Y.	Z. L. Holmes, Laurens, S. C.
John D. Dang, Vassalboro, Maine,	Elisha R. Porter, Kingston, R. I.
Gen. Tench Tilghman, Oxford, Md.	Col. Henry Blood, Nashville, Tenn.
A. B. Richmond, Meadville, Pa.	Ashbell Smith, Galveston, Texas.
Gen. John Harding, Nashville, Tenn.	W. N. Bullitt, Lancaster, Ind,
Wm. Duane Wilson, Mt. Pleasant, Iowa,	Samuel Cooper, Boston, Mass.
Geo. W. Corlies, Providence R. I.	Watson Newbold, Burlington, N. J.
W. E. Glover, Louisville, Ky.
